## Intended Audience

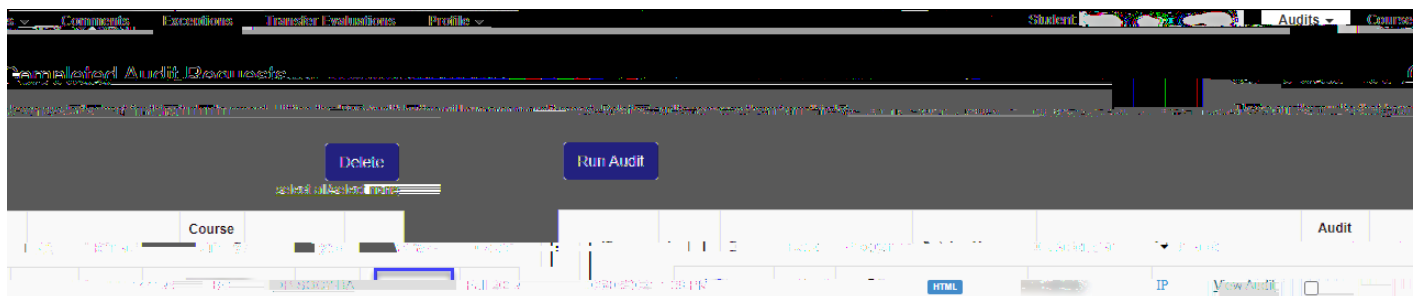

This guide is designed for students who want to perform What If degree audits or Declared Program degree audits.

NOTE:

The following example shows the degree audit results for a declared program.

Click View Audit to view additional details about your audit results.

Click Run Audit to run a new degree audit.

Click Delete to delete the selected audit.

### Request a What If Degree Audit

1. Click the down arrow next to Select a Different Program to expand the selections.
2. You can select a What If program from the Program drop-down menu, then click Run Different Program. Or you can add a What If Major or Minor by clicking the Major or Minor button, then click Run Different Program.
3. After you click Run Different Program, you will see a message informing you that your audit is loading. The audit results are displayed.

## Select From: List and And Statements

The following example shows the What If audit results for a Communication program of studies. Note that the default results only display the top-level results for each category.
